(PRINT CLEARLY)

AMOUNT OF SOIL: _____ CUBIC YARDS

PURPOSE OF
REMOVAL/ADDITION: _____

FEE: _____ \$100.00 for first 1,000 sq. ft. of affected area; \$50.00 for each additional 1,000 sq. ft. of affected area (as determined by Village Engineer); plus \$0.06 per cubic yard removed. (§106.6(A))

The Board of Trustees of the Village of Airmont hereby finds that uncontrolled clearing, filling or excavating of land may cause serious health, safety and environmental problems including erosion, siltation, flooding and other potential harmful effects. It is the purpose of Chapter 91 to prevent such harmful effects and thus promote the public health, safety and welfare in the Village of Airmont.

Material used for landfilling must be clean and nonburnable before being delivered to the site. Such material shall not contain garbage, disease-producing organisms, harmful radioactivity, or any other substance which may be considered harmful by the Planning Board. No material may be used for this purpose which will produce obnoxious odors, or either cause or require covering or other measures to prevent the attraction of rats or other vermin, flies, mosquitoes, or other harmful insects.

Minor soil removal permit. Anyone engaged in the movement or removal of soil of 1,500 or fewer cubic yards shall make application to the Building Department for a permit prior to commencing operations. The Building Department shall require review and approval by the Village Engineer, who shall be guided by the criteria and factors set forth in this chapter. The issuance of a minor soil removal permit shall be by review and approval of the Village Engineer.

Major soil removal permit. A major soil removal permit involving the movement or removal of 1,500 cubic yards or more of soil shall be required to be approved by the Planning Board after a public hearing, with notice being required to be given to all persons as set forth in the Village Code. The issuance of a major soil removal permit shall be by the Planning Board.

STATE OF NEW YORK:)
